Press Release 2023.03.15

Announcing an iGaming asset backed token.

As a team of experts in the gaming industry, we are thrilled to bring you the latest in online gaming with doublejack.online. Our partnered platform offers a unique and immersive gaming experience that allows you to play your favorite casino games from the comfort of your own home.

As a leading player in the online gaming industry, we are always looking for ways to innovate and offer our users the best possible gaming experience. That's why we are proud to announce our latest development – the integration of the Doublejack.online portal with an iGaming asset backed token.

The doublejack.online portal has been a popular destination for online gaming enthusiasts for years, offering a wide range of games and betting options. However, we wanted to take things to the next level and offer our users even more security and convenience when it comes to their gaming experience.

By integrating the portal with an iGaming asset backed token, we are able to offer users a completely new level of security. Each token is backed by a real-world asset, meaning that users can be confident in the value of their investment. This offers a new level of transparency and trust that is not currently available in the online gaming industry.

Furthermore, the token offers unparalleled convenience for our users. Rather than having to navigate multiple payment options and deal with the hassle of converting between currencies, users can simply purchase the token and use it across the Doublejack.online portal.
